

Optional & Plug-In Software for Blackboard:

Some Blackboard courses may require either third-party software products or browser plug-ins. You may need one or more of the components listed below:

-  [Java](#)
-  [Internet Explorer 7 \(IE7\)](#) browser for Windows XP users
-  IE7 browser for Windows Vista users (IE7 for Windows Vista is integrated with the operating system; refer to the specific vendor manual and documentation that came with your system)
-  [Firefox 3.0.X](#) browser for all platforms

Firefox 3.5.X has been provisionally approved by Blackboard, but users receive a browser check error message when they use Firefox 3.5.X
-  [Respondus LockDown Browser](#) (for online assessments and test taking)
-  [Windows Media Player](#)
-  [RealPlayer](#)
-  [Apple QuickTime Player](#)
-  [Adobe Shockwave Player](#)
-  [Adobe Flash Player](#)
-  [Adobe Reader](#)
