

In order to use the PeopleSoft Tutorial, you will need to install “Authorware WebPlayer 6.5” on your computer. It will take a few minutes to install the program. (Note: These instructions are for XP users. The process may differ slightly if you are using a different version).

How To Install Authorware:

1. You will see the following message on your screen (directly below the toolbar):

“This site might require the following Active X control: ‘Authorware Web Player 6.5 (Complete Player)’ from ‘Macromedia, Inc.’. Click here to Install

---- Click on the **“Click here to Install”**

--- Click on **“Install ActiveX Control...”**

2. The next screen asks if you want to install the software:

--- Click on **“Install”**

3. The next screen asks if you want to run the following file:

--- Click **“OK”**.
