### 765 University of Houston - Victoria

---

The University of Houston-Victoria (UHV) shares with all institutions of higher education the responsibility to serve the diverse educational needs of students in Texas. In 1973, UHV was established as a senior-level extension of the University of Houston and became an independently accredited institution as part of the UH System in 1983. During the 81st Legislative Session, the University received approval to offer freshman and sophomore courses through downward expansion, and the University admitted its first freshman class in 2010. Located between the large metropolitan areas of Houston, San Antonio, Austin, and Corpus Christi, UHV is the only institution of higher education offering bachelors and master's degrees within a 100-mile radius of Victoria.

UHV contributes significantly to Texas public higher education by providing access to a large number of first-generation, low-income, minority and rural populations. Over 98% of those students are from Texas and 70-75% of those are minority students. The student body at UHV has changed dramatically since downward expansion. Prior to that, the University was an upper-level commuter campus with a predominately Caucasian population with an average age in the late twenties. With the enrollment of freshman and sophomore students, the University now serves a younger, more diverse population. Of the fall 2017 freshman class at UHV, 49% percent are first-generation college students, and of those more than 63% are Hispanic. UHV is designated by the U.S. Department of Education as a Hispanic Serving Institution (HSI).

UHV's Non-formula Support and Exceptional Item Funding requests continue to support downward expansion and ongoing program and community-outreach initiatives. The goal of UHV is to grow enrollment by increasing student retention and enhancing completion rates.

UHV is requesting continued support for non-formula support funding for the following priorities:

- Downward Expansion

During the 81st Legislative Session (2009), UHV received authority to offer lower division courses to freshmen and sophomores beginning fall 2010. Downward expansion has been the key driver to expanding access to higher education in this region of South Texas. As with other Texas universities that transitioned from two to four-year campuses, additional funds are necessary to provide access and meet new student service needs. As the only four-year residential university within a 100 mile radius of Victoria, UHV's focus continues to be serving students who have been historically underrepresented in higher education, including Hispanics, first-generation students, and students from rural schools with low rates of college recruitment and participation. UHV continues to improve existing student support services and provide opportunities to make the experience at UHV a positive one that will encourage completion of the full four years.

UHV is requesting continued funding of \$2,719,620 for the biennium (\$1,359,810 per year).

- Master's Degree in Nursing

UHV's nursing program was transferred to the University of Houston in FY 2015. UHV reestablished a nursing program in 2016 under UHV's School of Education, Health Professions and Human Development. The nursing program provides associate degree nurses access to BSN degrees and an opportunity to advance within the profession. Accreditation of the nursing program by the Commission on Collegiate Nursing Education was achieved this spring. UHV must hire additional faculty, accept more students through growing the RN-to-BSN program, and develop BSN and MSN programs to service the communities in the region, including the Family Nurse Practitioner program. Without funding, the growth of the programs and ability to impact the nursing shortage and patient care will be negatively impacted.

UHV is requesting continued funding of \$352,688 for the biennium (\$176,344 per year).

### 765 University of Houston - Victoria

---

- Center for Regional Outreach

Currently, our region's college-going rate is about 4% below that of the State (14% versus 18%) and nation (14% versus 17.5%). To increase this rate, the Center for Regional Outreach has developed LEAD as an intrusive and engaging mentorship model. This program benefits not only those who live within UHV's service region, but also directly complements the State's 60x30TX initiative. The LEAD program has been instrumental in recruiting first-generation, minority, and underserved and non-traditional student population to higher education programs at UHV and throughout the State. Since "downward expansion" brought freshmen to UHV in 2010, UHV has had freshman classes every year with high proportions (49%) of first-generation students. Additionally, UHV's freshmen classes have each included at least 63% Hispanics and at least 70-75% total minority enrollment.

UHV is requesting continued funding of \$126,557 for the biennium (\$63,279 per year).

- Small Business Development Center (SBDC)

The SBDC, located on the University of Houston-Victoria campus, serves 11 rural counties and several satellite offices. The mission of the Small Business Development Center is to promote small business and community economic development through extension services and to promote the growth, expansion, innovation, increased productivity, and improved management of small business. Services include individual business counseling and technical assistance, group training seminars and workshops, advocacy, and research information. SBDC's are a revenue positive organization to the State, funded by a combination of state and federal dollars.

For the eight most recent operating quarters for which data is available (July 1, 2016-June 30, 2018) the SBDC had the following economic impact:

- o The UHV SBDC helped 597 clients in the creation or expansion of 145 businesses. These businesses resulted in the creation and retention of 1,550 jobs for the region.
- o The UHV SBDC business advisors compiled 7,360 hours assisting business clients valued at \$736,000 (\$100 per hour).
- o Capital formation for the period was \$20,368,233 along with \$31,446,727 in increased sales.
- o The UHV SBDC training program brought 231 training and workshop events to 2,662 regional attendees from the 11-county area.

UHV is requesting continued funding of \$306,353 for the biennium (\$153,177 per year).

- Institutional Enhancement

UHV is succeeding in downward expansion efforts and continues to expand academic and extracurricular programs in the region to meet the needs of a diverse service population through its on-campus sites and on-line programs. These funds have allowed UHV to hire additional qualified faculty to support past enrollment growth, to provide quality instructional labs, and to establish new academic programs. Distance learning programs and courses are offered by traditional face-to-face and interactive television (ITV) at our home campus in Victoria and the off-campus location in Katy, Texas. Through a partnership of UH System universities and the local community college, the UH System Centers provide upper-level and graduate courses leading to bachelor's and master's degrees in a variety of fields. This collaboration expands access to quality educational courses and programs. UHV remains a national leader in online learning with several degrees and most courses available through distance education.

UHV is requesting continued funding of \$2,867,127 for the biennium (\$1,433,564 per year).

Automated Budget and Evaluation System of Texas (ABEST)

---

**765 University of Houston - Victoria**

---

UHV is requesting Exceptional Item funding for three priorities:

- UHV Campus Expansion - This Exceptional Item is requesting approval of a \$74,700,000 tuition revenue bond project that will provide the infrastructure necessary to move forward in the evolution to a residential campus and provide the campus infrastructure to support the growth and needs of the student body and faculty.

The infrastructure must meet the campus' new mission and support important intangible needs, including the development of a vibrant student life and the sense of identity and belonging necessary for retention of freshman and sophomore students. This funding request for continuation of campus expansion will enable the University to acquire much needed land, remodel and renovate existing buildings, add health-related labs and classroom spaces, a facility for a lecture hall, auditorium and multi-purpose room, and enhance the Science, Technology, Engineering, Math (STEM) building. The UHV support increase will affect the number of first generation college students (freshmen currently 51%) and minority students (freshmen currently 76%) in residency to grow as additional academic space allows UHV to expand its program offering. This will attract a larger number of transfer students from community colleges. UHV continues to have a very small infrastructure in Victoria to support downward expansion as well as one of the smallest physical locations of any four-year state institution in Texas, with less than 30 core academic acres. Continued support of the State for expansion of the infrastructure will enhance UHV's ability to affect a much larger first generation and minority student population .

UHV is requesting \$74,700,000 in tuition revenue bond interest resulting in debt service of \$13,025,372 for the biennium over 20 years.

- Restoration of Non-Formula Funding Items to 2016-17 Levels - This Exceptional Item is requesting the restoration of \$3,393,928 for the biennium for non-formula support. The reduction of state appropriated funding effects six critical areas are identified below:

- o Master's Degree in Nursing

The UHV Nursing Program is committed to helping alieve the nursing shortage in our service region . By restoring funding, faculty shortages and advanced nursing care needs can be addressed. The expansion of the nursing program is simply essential to addressing a very real nursing shortage, as well as the growing demand of patient care due to population increases, aging, and access to care in medically underserved and rural areas.

UHV is requesting restoration of funding of \$389,812 for the biennium (\$194,906 per year).

- o Downward Expansion

Downward expansion, which began the fall of 2010, is a key component to expanding access to higher education within our service area. Being the only four-year university within a 100-mile radius of Victoria, UHV is now providing an entry point to students throughout the region, for a two-year, upper-level university to open up its doors and serve undergraduate students and at the same time transition into a residential campus with a student life attractive to campus bound students , the effort requires a substantial and ongoing commitment of resources. More core-curriculum courses and new programs in the sciences, English, math, history, reading, suited to the needs of a younger student population will be offered. More faculty are needed to teach core courses as well as new programs and more support staff are needed for retention efforts. Approximately 70-75% of the restored funds will be used in the areas of Instruction, Academic Support and Institutional Support.

UHV is requesting restoration of funding of \$1,480,380 for the biennium (\$740,190 per year).

- o Small Business Development Center

The UHV-SBDC is a part of a professional, nationwide network and thrives on creating long-term relationships with business owners and community members. With a

Automated Budget and Evaluation System of Texas (ABEST)

---

**765 University of Houston - Victoria**

---

loss of funding, small business and community outreach services will be reduced. This is at a time when a growing number of small business clients are coming to rely on the SBDC for the services it offers them.

UHV is requesting restoration of funding of \$166,757 for the biennium (\$83,379 per year).

**o Center for Regional Outreach**

This Exceptional Item is a student outreach center. The large and diverse region UHV serves is composed primarily of first-generation, low income and minority students. The university's efforts in this area has been successful and enrollment within this population has been growing, however, the annual loss of funding will curtail student outreach efforts, events and recruitment initiatives.

UHV is requesting restoration of funding of \$210,099 for the biennium (\$105,050 per year).

**o Institutional Enhancement**

UHV is succeeding in downward expansion efforts and continues to expand academic and extracurricular programs in the region to meet the needs of a diverse service population through its on-campus sites and on-line programs. These funds have allowed UHV to hire additional qualified faculty to support past enrollment growth, to provide quality instructional labs, and to establish new academic programs. Distance learning programs and courses are offered by traditional face-to-face and interactive television (ITV) at our home campus in Victoria and the off-campus location in Katy, Texas. Through a partnership of UH System universities and the local community college, the UH System Centers provide upper-level and graduate courses leading to bachelor's and master's degrees in a variety of fields. This collaboration expands access to quality educational courses and programs.

UHV is requesting restoration of funding of \$1,117,193 for the biennium (\$558,597 per year).

**o Worker's Compensation Insurance**

Worker's Compensation Insurance funds worker's compensation payments related to Education and General Expenses that would have to be made up from operational funds targeted for institutional academic needs.

UHV is requesting restoration of funding of \$29,687 for the biennium (\$14,844 per year).

In summary, UHV is requesting a total additional \$3,393,928 for the biennium (\$1,696,964 per year) to restore reductions to 2016-17 levels for these Non-formula Support Items.

**• Hurricane Harvey Recovery**

This Exceptional Item request is a direct result of damages incurred by Hurricane Harvey which devastated much of the Texas Coast in late August 2017. UHV's hurricane response efforts included costs for ride-out and initial response teams from Facilities, Police/Security and Information Technology to help mitigate damages, debris removal, repair of water and wind damage to 6 buildings, and repair and replacement of damaged building contents. Staff also evacuated and provided ongoing support for approximately 70 residential students to UH campus housing due to a mandatory evacuation order. Students were not able to return to the UHV campus for 14 days due to housing facility damages.

**Administrator's Statement**

10/19/2018 11:20:38AM

86th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**765 University of Houston - Victoria**

---

With approval of this funding, UHV will complete re-construction of three student dorms and three academic buildings. The requested funding includes claims of \$678,828 for building re-construction not covered by insurance (deductible) and replacement of contents, \$1,025,000 of mitigation, and revenue losses of \$383,145 incurred due to students not returning for the semester.

UHV is requesting a one-time additional funding of \$2,086,973 to defray losses directly attributed to Hurricane Harvey.

The following are additional important areas of concern for UHV, and we respectfully request that they receive due consideration and support during the Legislative Session:

- **Hold Harmless**

In the 85th legislature, UHV received Hold Harmless funding. This request is for continued funding of Hold Harmless. With downward expansion, the university is experiencing the natural progression of enrollment shifts as the university transitions into a residential campus. Hold Harmless provides necessary funding for UHV due to a decrease in formula funding caused shift from graduate to undergraduate semester credit hours.

Along with the need to hire additional faculty who teach core curriculum courses, Hold Harmless allows UHV to expand recruiting and add important student life services which to bolster student recruitment and retention efforts.

UHV is requesting for the continuation of the 2018-19 biennium funding for this item of \$2,168,741 for the biennium (\$1,084,371 per year).

- **Financial Aid/TEXAS Grants**

TEXAS Grants provide underprivileged students funding opportunities to attend higher education institutions such as UHV. This is especially important and beneficial to Hispanic students who are underrepresented at higher education institutions and at UHV, representing over 60% of incoming students.

- **Equity Funding for the UHV Nursing Program, a Health-Related Program**

UHV as a General Academic Institution receives less formula funding for its health related programs than a Health Related Institution would receive for the same program. The university is simply requesting the same level of funding for its health related programs.

- **Maintain supplemental state funding for smaller universities with enrollments below 10,000.**

Fixed costs are unavoidably higher compared to variable costs at smaller universities and it is essential to maintain supplemental state funding for the smaller institutions, such as UHV.

- **Restore base funding semester credit hour (SCH) rate to \$62.19/weighted SCH, the level supported by the legislature in 2010- 11.**

Additional formula funding support is critical in reaching under-represented students who need the support, both academically and outside the classroom.

- **Provide continued support for employee health care costs:**

Healthcare costs continue to rise at annual rates outpacing the actual rate of inflation - sometimes often double or triple the actual inflation rate. Shifting costs to

## Administrator's Statement

Automated Budget and Evaluation System of Texas (ABEST)

---

### 765 University of Houston - Victoria

---

employees is neither a desirable or long-term sustainable solution. While this may save money in the short term, over time employee morale and satisfaction will be adversely affected, leading to problems attracting and retaining faculty and staff.

- Reimbursement for cost of Hazlewood Act benefits to 100%.

It is requested that funds be appropriated by the state to cover the full costs of Hazlewood Act exemptions. While UHV is dedicated in supporting educational opportunities and benefits for veterans and their families these exemptions have a greater proportional impact on the limited resources available to smaller institutions. The value of the Hazlewood Act and the size of the exemption has increased, providing very significant financial benefits to veterans. The value of Hazlewood Act exemptions issued by UHV since FY09 have increased more than threefold:

1. FY09 UHV Hazlewood exemptions in total tuition \$200,839, of which \$69,699 were from statutory tuition, with no reimbursements from the state at that time.
2. FY17 UHV Hazlewood Exemptions had climbed to a total tuition exemption of \$760,368. The statutory tuition portion was \$171,910 of which UHV received a reimbursement of \$60,265 from the state.
3. FY18 Hazlewood Exemptions were awarded to students in the amount of \$760,241 while reimbursements from the state received were \$60,571 or 8% of the total exemption. The result is that Hazlewood exemptions are mostly supported by the general student population at 92% or \$699,421 through tuition.

In summary, the history of Texas universities that have transitioned from upper-level two-year institutions to traditional four-year undergraduate institutions with residential campuses shows a pattern of accelerated growth compared to other universities. This has been the pattern for UHV as well.

As these upper-level institutions transitioned to four-year campuses, a common denominator associated with that growth was the continued support from the Legislature for funding. These expenses are associated with marketing and recruitment efforts, additional scholarships, and other aid required to attract new students. Increased staffing and security needs must also be met and support must be provided to retain these students.

UHV continues to develop its academic and extracurricular programs and its presence within the region through its off-campus delivery sites and on-line programs. International partnerships for study abroad and program delivery are being developed in several countries.

UHV's Master Plan foresees Victoria as a "college town" for students who are seeking a university experience outside the populated metropolitan belt extending from Houston to Austin to San Marcos to San Antonio to Corpus Christi.

The University of Houston-Victoria, while a small institution, has had and will continue to have an important and growing influence on the welfare of the region:

- We enjoy widespread community and regional support.
- We have trained most of the teachers and many of the managers and entrepreneurs in the area.
- We have developed considerable experience and expertise in outreach, community cultivation, and collaboration, which serves the interests of its region and is at the disposal of the UH System.

<b>Comments:</b> The University of Houston System had notified the LBB that approved FTEs were being shared among its campuses because the UH System operated joint Teaching Centers. In these Centers the 4 campuses shared programs, thus sharing both staff and faculty. The LBB did not send a negative response to the sharing of FTEs. The overall FTEs in the UHV System are within the approved FTEs. The University of Houston-Victoria has the largest number of students at the Teaching Centers.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Instruction and Operations Formula provides funding for faculty salaries, departmental operating expense, library, instructional administration, research enhancement, student services and institutional support. The funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour is established by the Legislature each biennium. UHV is requesting an increase in FTE on Schedule 7 in order to satisfy academic and student services needs during downward expansion.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

(1) - Formula funded strategies are not requested in 2020-21 because amounts are not determined by institutions.

**765 University of Houston - Victoria**

------	-------------	----------	----------	----------	------------------------	------------------------

A funding reduction will have a negative effect on instruction and support for critical programs and priorities which are needed to meet the challenges of a rapid increase in student enrollments.

(1)- Formula funded strategies are not requested in 2020-21 because amounts are not determined by institutions.

**EXPLANATION OF BIENNIAL CHANGE (includes Rider amounts):**

------	-------------	----------	----------	----------	---------	---------

Major accomplishments to date and expected over the next two years: With downward expansion, the university is experiencing the natural progression of enrollment shifts as the university transitions into a residential campus. Along with the need to hire additional faculty who teach core curriculum courses, UHV is expanding its recruitment to include the Lower Rio Grande Valley and additional community colleges to recruit new students. Additional staff provide valuable academic counseling and support to bolster recruitment and retention efforts.

Year established and funding source prior to receiving special item funding: 2018-2019 Biennium General Revenue

Formula Funding: None

Non-general revenue source of funding: None

Consequences of not funding: Inability to hire additional faculty to instruct core curriculum courses. Recruitment, tutoring and retention programs will not have adequate resources to provide needed services.

------	-------------	----------	----------	----------	------------------------	------------------------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Infrastructure Support formula distributes funding associated with plant-related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. FTEs will increase as we add new facilities in 2018 and 2019.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

The University prides itself in maintaining facilities where there are no deferred maintenance issues. Located 25 miles from the coast, the University may need additional expenditures due to extreme weather.

(1)- Formula funding strategies are not requested 2020-21 because the amounts are not determined by institutions.

UHV's nursing program was transferred to the University of Houston in FY2015. UHV reestablished a nursing program in 2016 under UHV's School of Education, Health Professions and Human Development. The nursing program provides associate degree nurses access to BSN degrees and an opportunity to advance within the profession. Accreditation of the nursing program by the Commission on Collegiate Nursing Education was achieved this spring, UHV must hire additional faculty, accept more students through growing the RN-to-BSN program, and develop the Master's in Nursing program to service the communities in the region and the Family Nurse Practitioner program. Without funding, the growth of the programs and ability to impact the nursing shortage and patient care will be negatively impacted.

**FULL TIME EQUIVALENT POSITIONS:**

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

During the 81st Legislative Session (2009), UHV received authority to downward expand and to offer lower division courses to freshmen and sophomores beginning fall 2010. This authority for downward expansion was vital for expanding access to higher education and enhancing student success, which are key goals in the state's higher education 60X30TX initiative. Universities throughout the state that have expanded to four-year universities found it necessary to seek additional state operating funds to provide this new access point to students within their regions. Upper-level institutions do not have the structure in place to provide the support for this endeavor.

Currently, our region's college-going rate is about 4% below that of the State (14% versus 18%) and nation 14% versus 17.5%). To increase this rate, the Center for Regional Outreach has developed LEAD as an intrusive and engaging mentorship model. This program benefits not only those who live within UHV's service region, but also directly complements the State's 60X30TX initiative. The LEAD program has been instrumental in recruiting first-generation, minority, and underserved and non-traditional student population to higher education programs at UHV and throughout the State. Since "downward expansion" brought freshmen to UHV in 2010, UHV has had freshmen classes every year with high proportions (49%) of first-generation students. Additionally, UHV's freshmen classes have each included at least 63% Hispanics and at least 70% total minority enrollment.

CODE	DESCRIPTION	Exp 2017	Est 2018	Bud 2019	BL 2020	BL 2021
------	-------------	----------	----------	----------	---------	---------

The SBDC, located on the University of Houston-Victoria campus, serves 11 rural counties and several satellite offices. The mission of the Small Business Development Center is to promote small business and community economic development through extension services and to promote the growth, expansion, innovation, increased productivity, and improved management of small business. Services include individual business counseling and technical assistance, group training seminars and workshops, advocacy, and research information. SBDC's are a revenue positive organization to the State, funded by a combination of State and federal dollars. For the eight most recent operation quarters for which data is available (July 1, 2016-June 30, 2018) the SBDC had the following economic impact:

- The UHV SBDC helped 597 clients in the creation or expansion of 145 businesses. These businesses resulted in the creation and retention of 1,550 jobs for the region.
- The UHV SBDC business advisors compiled 7,360 hours assisting the business clients valued at \$736,000 (\$100 per hour).
- The UHV SBDC training program brought 231 training and workshop events to 2,662 regional attendees from the 11-county area.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Additional information for this strategy is available in Schedule 9, Non-Formula Support Information.

------	-------------	----------	----------	----------	---------	---------

The Texas Comprehensive Research Fund provides funding to promote increased research capacity at eligible general academic teaching institutions.

Funding is to be expended for the support and maintenance of educational and general activities, including research and student services, that promote increased research capacity.

A legislatively determined amount of funding is allocated based on the average amount of restricted research funds expended by each institution per year for the three preceding state fiscal years as reported to THECB.

**DESCRIPTION / JUSTIFICATION:**

UHV is asking for authority to issue \$74,700,000 in Tuition Revenue Bonds to provide the infrastructure necessary to move forward in the evolution to a residential campus and provide the campus infrastructure to support the growth and needs of the student body and faculty.

UHV is requesting \$74,700,000 in tuition revenue bond interest resulting in debt service of \$13,025,372 for the biennium over 20 years.

**EXTERNAL/INTERNAL FACTORS:**

Major accomplishments to date and expected over the next two years: The transition from a two-year, upper level institution to a four-year university has been more successful than anticipated. Since downward expansion in Fiscal Year 2010, the university has grown 37%. During the 84th Regular Session, the Legislature authorized Construction Bonds of \$60,000,000 for Campus Expansion. That bond supported the purchase of much needed land, the repurposing of existing space, additional new academic space, and transforming the main street and walkways into the campus to improve the safety of the campus for students, faculty, staff and visitors. The funding allowed the university to begin building a comprehensive, residential campus in Victoria. Before this Legislative action, the University was reaching a critical point, as expansion capabilities within the current infrastructure were very limited. The University only had 19 acres and two academic buildings with 150,000 square feet when the transition began. Please see Schedule 9 for Major Accomplishments Expected During the Next 2 Years.

Year established and funding source prior to receiving special item funding: 2017/None

Formula funding: None

Non-general revenue sources of funding: None

Consequences of not funding: Please see Schedule 9

**DESCRIPTION / JUSTIFICATION:**

This Exceptional Item request is a direct result of damages incurred by Hurricane Harvey which devastated much of the Texas Coast in late August 2017. UHV's hurricane response efforts included costs for ride-out and initial response teams from Facilities, Police/Security and Information Technology to help mitigate damages, debris removal, repair of water and wind damage to 6 buildings, and repair and replacement of damaged building contents. Student Affairs staff also evacuated and provided ongoing support for approximately 70 students in on-campus housing to University of Houston campus housing due to a mandatory evacuation order in our area. Students were not able to return to the UHV campus for 14 days due to housing facility damages.

**EXTERNAL/INTERNAL FACTORS:**

Major accomplishments to date and expected over the next two years: UHV will complete repairs on of three student dorms and three academic buildings. The requested funding includes claims of \$678,828 for building re-construction and replacement of contents, \$1,025,000 of mitigation, and revenue losses of \$383,145 incurred due to students not returning for the semester.

Year established and funding source prior to receiving special item funding: None

Formula funding: None

Non-general revenue sources of funding: None

Consequences of not funding: Repairs to student and academic facilities will be deferred.

**B. Assessment of Fiscal Year 2016 - 2017 Efforts to Meet HUB Procurement Goals**

**Attainment:**

UHV exceeded the HUB procurement goal for Building Construction and Commodities in FY 2016 and FY 2017. UHV also exceeded the HUB Procurement goal for Special Trade Construction in FY 2016. UHV exceeded its campus-wide overall HUB goal of 20% in both FY 2016 and FY 2017.

**Applicability:**

Heavy Construction is not applicable to UHV in either fiscal year 2016 or fiscal year 2017 since the agency did not have any strategies or programs related to Heavy Construction.

**Factors Affecting Attainment:**

UHV is unable to meet the goals for Professional Services and Other Services, because there are few HUB vendors of each category in the UHV area, and the services required do not warrant bringing in vendors from outside the region.

**"Good-Faith" Efforts:**

The agency made the following good faith efforts to comply with statewide HUB procurement goals per 1 TAC Section 111.13(c):

1) The Purchasing Department provides monthly summary reports to the University departments to notify departments of cumulative HUB expenditures that have been made during the fiscal year and to compare those numbers to the previous fiscal year. Additionally, purchase vouchers and procurement card transactions are routinely monitored for possible future HUB purchase opportunities.

2) UHV Purchasing personnel attend HUB vendor fairs to network and seek additional HUB vendors. The Purchasing Manager is affiliated with the Texas University

## 6.I. Percent Biennial Base Reduction Options

### 10 % REDUCTION

86th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

Date: 10/19/2018  
Time: 11:29:48AM

Agency code: 765 Agency name: University of Houston - Victoria

Item Priority and Name/ Method of Financing	REVENUE LOSS			REDUCTION AMOUNT			PROGRAM AMOUNT		TARGET
	2020	2021	Biennial Total	2020	2021	Biennial Total	2020	2021	Biennial Total

#### 1 Center for Regional Outreach

**Category:** Programs - Service Reductions (FTEs-Layoffs)

**Item Comment:** This impact will result in a reduction of personnel in the Center. The reduction would limit the efforts in the state's 60X30TX initiative and the emphasis on raising the educational attainment levels on underrepresented populations in South Texas.

Strategy: 3-3-1 Center for Regional Outreach

##### General Revenue Funds

1 General Revenue Fund	\$0	\$0	\$0	\$63,279	\$63,278	\$126,557			
<b>General Revenue Funds Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$63,279</b>	<b>\$63,278</b>	<b>\$126,557</b>			
<b>Item Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$63,279</b>	<b>\$63,278</b>	<b>\$126,557</b>			
<b>FTE Reductions (From FY 2020 and FY 2021 Base Request)</b>					<b>(1.5)</b>	<b>(1.5)</b>			

#### 2 Small Business Development Center

**Category:** Programs - Service Reductions (FTEs-Layoffs)

**Item Comment:** With the loss of federal funding there would be a reduction in client services due to staff reductions. Student learning opportunities would also be affected by having to eliminated student interns involved in research on small business issues and by cutting back on training activities offered.

Strategy: 1-1-1 Operations Support

##### General Revenue Funds

## 4 Worker's Comp Insurance

Category: Administrative - Operating Expenses

**Item Comment:** A reduction of funding for the Workers Compensation strategy dealing with costs incurred for employees incurred on the job means the university would need to cover the reduction from operational funds. The forced use of operational funds would reduce the available resources to hire additional faculty and staff for this rapidly growing university.

Strategy: 1-1-4 Workers' Compensation Insurance

**Project Description**

The Tuition Revenue Bond will provide for the construction and renovation of new and existing space. The request includes three interconnected parts:

1. 102,600 GSF of new academic space at a cost of \$48,250,000 consisting of:
  - 35,000 GSF facility for lecture hall/auditorium/multi-purpose
  - 34,000 GSF facility for health-related programs (labs, offices, classrooms)
  - 33,600 GSF facility funding for STEM building
2. Renovation/demolition of 54,154 GSF of existing space at a cost of \$18,450,000 and includes the following:
  - 33,154 GSF of the Northwest Campus renovation, which includes 29,769 GSF of demo work and 293 parking space upgrades
  - 21,000 GSF of renovation on 2nd and 3rd floors of the North Building
3. Land purchases - 20 acres at a cost of \$8,000,000.

**765 University of Houston - Victoria**

---

**Center for Regional Outreach**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1998
Year Non-Formula Support Item Established:	1998
Original Appropriation:	\$366,656

**(2) Mission:**

Through the Center's LEAD outreach programs, ambassadors from the University annually reach over 8,000 area middle and high school students and working adults, and create a pipeline of college-goers for the future. The Center's activities compliment and address Texas' 60x30TX initiatives for increasing the number of college graduates state-wide. Funding of the UHV Center for Regional Outreach will support LEAD ("Letting Education Achieve Dreams"), the acclaimed mentorship program utilized to address serious educational lag in our region, which has touched tens of thousands of students and facilitated the enrollment of thousands into universities and community colleges.

UHV is requesting continued funding of \$126,557 for the biennium (\$63,279 per year).

**(3) (a) Major Accomplishments to Date:**

The Center's programs have been successful in reaching tens of thousands of students (now more than 8,000 per year), primarily first-generation and Hispanics in the region, and enrolling more in higher education, including UHV. Due to the Center's LEAD program, UHV became a Hispanic Serving Institution (total enrollment of more than 25% Hispanics), and every freshmen class of UHV (starting with the first class in 2010) has included a high percentage of first-generation college students (36-41% each year), and ethnic minorities (45% Hispanic and 70% total minority enrollment).

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

This funding will allow continued service and mentorship for college-going throughout the region. The personalized type of outreach provided by the Center, with in-depth personal interactions and real-world examples, has proven successful. In the next two years, UHV students will be added to the outreach team. The impact of the current students is expected to add to the success of the program and increase college enrollments in the target groups of underserved students.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

UHV's State Appropriations

**(5) Formula Funding:**

None

**(6) Category:**

Public Service

**(7) Transitional Funding:**

N

---

**765 University of Houston - Victoria**

---

**(8) Non-General Revenue Sources of Funding:**

Contributions to scholarships initiatives estimated at \$1,000 for 2016-2017, earnings from LEAD Scholarship Fundraising Tournaments.

**(9) Impact of Not Funding:**

Without continued funding, outreach efforts will be severely limited both in scope and in number of students reached, resulting in a significant impact on the University, other higher education institutions, and the growing community served. Additionally, current commitments and involvement of community constituents would be lost. UHV now serves a growing Coastal Bend region composed primarily of first-generation, low-income, and minority students. Because of the Center and LEAD outreach efforts, UHV is now seen as a great educational option for such students who would not have otherwise considered college as an option. Without continued funding, those constituents will continue to suffer in their struggle to be educationally prepared for today's socioeconomic and workforce demands, and the efforts to improve rates of educational and economic achievement will be negatively impacted.

**(10) Non-Formula Support Needed on Permanent Basis/Discontinuu**

---

**Downward Expansion**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2012
Year Non-Formula Support Item Established:	2012
Original Appropriation:	\$4,200,000

**(2) Mission:**

Support needed while the University transitions to a destination, resident campus with special attention focused on students historically underrepresented in higher education, including Hispanics, first-generation students, and students from schools with low rates of college recruitment and participation.

UHV is requesting continued funding of \$2,719,620 for the biennium (\$1,359,810 per year).

**(3) (a) Major Accomplishments to Date:**

Downward Expansion-During the 81st Legislative Session (2009), UHV received authority to expand downward to offer lower divisions courses to freshmen and sophomores beginning fall 2010. Downward expansion is a key component to expanding access to higher education and enhancing student success. UHV is now providing an entry point to students in the region, being the only four-year university within 100 mile radius of Victoria. Since admitting freshmen and sophomore students, UHV has hired additional full-time and part-time faculty to teach core courses, expanded course offerings, and initiated a first-year experience program and freshmen seminar program geared toward student success and retention. Finally, additional staff have been added to provide support in key areas such as the Student Success Center, student recruitment, and student life.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

The university has been aggressively recruiting and offering scholarships programs to attract students from other parts of Texas. UHV is focusing attention on students who have been historically underrepresented in higher education, including Hispanics, first-generation students, and students from schools with low rates of college recruitment and participation. Recruitment efforts have been successfully attracting students from deep South Texas including the Rio Grande Valley and the San Antonio and Houston metro areas. UHV continues to see significant growth related expenditures for activities directly related to downward expansion as freshmen and sophomore enrollment increases. Funding of operational support is essential to meet the students' needs until such time that the level of student enrollment will allow for financial efficiency. Such expenses include salaries and benefits for additional faculty and staff, increased marketing and recruitment efforts, expanded student support services, retention initiatives, and tutorial services.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

UHV's State Appropriation and local funds

**Hurricane Harvey Recovery**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2020
Year Non-Formula Support Item Established:	2020
Original Appropriation:	\$0

**(2) Mission:**

This Exceptional is a direct result of damages incurred by Hurricane Harvey which devastated much of the Texas Coast in August 2017.

UHV is requesting one-time funding requesting of \$2,086,973 for 2020.

**(3) (a) Major Accomplishments to Date:**

The University of Houston-Victoria's hurricane response efforts include costs for ride-out and initial response teams from Facilities, Police/Security and Information Technology to help mitigate damages, debris removal, repair of water and wind damage to approximately 6 buildings, and repair and replacement of damaged building contents. Student Affairs staff also evacuated and provided ongoing support for approximately 70 students in on-campus housing to University of Houston campus housing due to a mandatory evacuation order in our area. Students were not returned to the University of Houston- Victoria campus for 14 days due to damages sustained to housing facilities

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Complete repairs of three student dorms and three academic buildings. The requested funding includes claims of \$678,828 for building re-construction not covered by insurance (deductible) and replacement of contents, \$1,025,000 of mitigation, and revenue losses of \$383,145 incurred due to students not returning for the semester.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

None

**(5) Formula Funding:**

**765 University of Houston - Victoria**

---

**Institutional Enhancement**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2000
Year Non-Formula Support Item Established:	2000
Original Appropriation:	\$2,018,748

**(2) Mission:**

UHV is succeeding in the initial phases of downward expansion and continues to expand its academic and extracurricular programs within the region to meet the needs of a large, diverse service population through its off-campus delivery sites and on-line programs. These funds have allowed UHV to hire additional qualified faculty to support past enrollment growth, to provide quality instructional labs, and to establish new academic programs. Distance learning programs and courses are offered by traditional face-to-face and interactive television (ITV) at our two off-campus locations in UHV Katy, Texas.

UHV is requesting continued funding of \$2,867,127 per biennium (\$1,433,564 per year).

**(3) (a) Major Accomplishments to Date:**

Through a partnership of the UH System universities and the local community college, the UH System Centers provide upper-level and graduate courses leading to bachelor's and master's degrees in a variety of fields. This collaboration expands access to quality educational courses and programs. UHV remains a national leader in online learning with several degrees and most courses available in distance education.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

If UHV is to address the educational needs of its service area and increase enrollments in an educationally underserved area, it must strive to offer a wide array of academic programs. Therefore, UHV will continue to expand its academic programs to meet the needs of a large diverse service population through off-campus delivery sites and on-line programs as well as traditional face-to-face academic offerings. In addition, international partnerships will be developed for UHV students to study abroad.

**Master's in Nursing**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2008
Year Non-Formula Support Item Established:	2008
Original Appropriation:	\$742,500

**(2) Mission:**

The Special Item has assisted the creation of the Master's degree and the dissemination of that program to three sites in the Houston area. When the nursing program was transferred to the University of Houston last session, UHV retained this special item to assist UHV in reestablishing the nursing program at UHV in order to provide educational opportunities to nurses within the Victoria region. The Registered Nurse to Bachelor of Science in Nursing (RN-to-BSN), which is a post-licensure program, provides nurses the opportunity to advance within the profession. A Master's of Science in Nursing (MSN) program would address the need for more highly qualified nurse administrators, new nursing faculty, and advance practice nurses. A pre-licensure BSN program allows for direct entry to obtain a four-year bachelor's degree in nursing and be eligible to sit for the National Council of State Boards of Nursing-RN exam thus providing more newly licensed nurses to the State of Texas. The funding would allow for continued expansion and the development of pre-licensure BSN and post-licensure MSN program to be developed to meet the needs of the Coastal Bend communities.

UHV is requesting continued funding of \$352,688 for the biennium (\$176,344 per year).

**(3) (a) Major Accomplishments to Date:**

UHV created a new RN-BSN program in January 2016 and initiated its first class in the fall of 2016 following the existing nursing program being transferred to UH. The program admitted students in the fall and spring semesters of the 16-17 school year to address the needs of Associate Degree Nurses (ADNs). The nursing program plans to expand to create a master's program with an emphasis in education and advance practice nurses, which will prepare nurses for the role of nurse educator and provide additional faculty or nurse practitioners in our area. New faculty will replace those who are or will soon be eligible for retirement, and provide existing programs with adequate faculty to increase program enrollments, resulting in increased numbers of nursing graduates entering the local and statewide health care workforce.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

The Nursing Program expects to increase its enrollment in the RN-to BSN program to 60 each year (30 per admission cycle).

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

UHV's State Appropriations

**(5) Formula Funding:**

**(8) Non-General Revenue Sources of Funding:**

2011- \$100,000 in private gifts

2012- \$1,489 in Unrestricted Gifts & contributions and \$118,284 in private grants

2013-2015- \$400,000 in private grants

**(9) Impact of Not Funding:**

UHV Nursing Program is committed to helping address the nursing shortage in our service region and state. By providing funding, UHV can hire additional faculty and accept even more students through growing the RN-to-BSN and develop BSN and MSN programs at locations as appropriate to service the community and including the Family Nurse Practitioner program. With this special item faculty shortages and advance nursing care can be addressed. The expansion of the nursing programs is essential to addressing the current nursing shortage, as well as growing demand of patient care due to population increases, aging, and access to care in medically underserved and rural areas. Without funding, the growth of the program and ability to impact the nursing shortage and patient care will be negatively impacted.

**Restoration of Non-Formula Funded Support Items**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2020
Year Non-Formula Support Item Established:	2020
Original Appropriation:	\$0

**(2) Mission:**

This is a new Exceptional item requesting the restoration of \$3,393,928 for the biennium. A reduction of state appropriated funding effects five key areas for UHV: Master's Degree in Nursing (\$389,812 per biennium); Downward Expansion (\$1,480,380 per biennium); Center for Regional Outreach (\$210,099 per biennium); Small Business Development Center (\$166,757 per biennium); Institutional Enhancement (\$1,117,193 per biennium); and Worker's Compensation (\$29,687 per biennium).

UHV is requesting restoration of \$3,393,928 for the biennium (\$1,696,964 per year).

**(3) (a) Major Accomplishments to Date:**

Master's Degree in Nursing – New on-line program. Total enrollment through Fall 2018 is 35 students.

Downward Expansion – Since 2012 the number of undergraduate students has increased by 344 students. This would generate an increase in tuition and fees for one year of approximately \$2,232,576.

Center for Regional Outreach – UHV's Outreach Center has served 4,000+ middle and high school students in an area which lags behind the state and the US in educational attainment. The presentations, partnerships, and mentoring of the Regional Outreach center has been successful in increasing the numbers of first generation and disadvantaged students attending higher education institutions around the state.

Small Business Development Center – According to the National Impact Survey of SBDC clients, (2017 findings from a National Independent study by James J. Chrisman, PhD.), the ROI for every dollar spent on the SBDC's, a return of \$8.91 is generated in increased tax revenue.

Institutional Enhancement – From Fall 2000 to Fall 2016 the number of students served increased from 3,655 to 4,144. The increase in tuition and fees generated for one year is approximately \$3,173,610.

Worker's Compensation – Worker's compensation is available to all employees who have experienced a work-related illness or injury that results in more than one day's lost time.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

---

**765 University of Houston - Victoria**

---

Master's Degree in Nursing – Expansion of the nursing program to address real nursing shortage resulting in increasing enrollment and expand its Masters in Nursing degree.

Downward Expansion – Additional support personnel to handle the anticipated increase in undergraduate students who are first-generation.

Center for Regional Outreach – UHV's Outreach Center will continue to student attendance which lags behind the state and the US in educational attainment and contribute to increasing the numbers of first generation and disadvantaged students attending higher education.

Small Business Development Center – A growing number of small business clients are coming to rely on the SBDC for the services, trainings, and technical assistance offered to them, especially in the underserved rural markets.

Institutional Enhancement – Increased course offerings and programs for students .

Worker's Compensation – Worker's compensation claims are expected to remain at the current level.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

State-appropriated Special Item Funding

**(5) Formula Funding:**

None

**(6) Category:**

Start-Up

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

None

**(9) Impact of Not Funding:**

---

**765 University of Houston - Victoria**

---

Master's Degree in Nursing - The cut would limit UHV's ability to provide an opportunity to obtain a bachelor's in nursing for the many registered nurses in rural and underserved areas in the Coastal Bend service area, where few nurses currently have a baccalaureates degree.

Downward Expansion - The number of undergraduate students served would slowly rise, retention rate will stagnate, and graduation rates will marginally move upward. Thus, many students will not be served.

Small Business Development Center- With an annual loss of funding, some small business and community economic development outreach services would have to be reduced. This would have an adverse impact on what has been a growing number of small business clients who have come to rely on the SBDC in the predominately rural region served.

Center for Regional Outreach – This is a student outreach center. With an annual loss in funding, student outreach efforts, events and recruitment efforts would have to be eliminated. The region UHV serves is composed primarily of first-generation, low income and minority students; the University's efforts would be adversely affected with a funding loss.

**(10) Non-Formula Support Needed on Permanent Basis/Discontinuation**

---

**Small Business Development Center**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1985
Year Non-Formula Support Item Established:	1985
Original Appropriation:	\$473,110

**(2) Mission:**

The SBDC, located on the University of Houston-Victoria campus, serves 11 rural counties and several satellite offices. The mission of the Small Business Development Center is to promote small business and community economic development through extension services and to promote the growth, expansion, innovation, increased productivity, and improved management of small business. Services include individual business counseling and technical assistance, group training seminars and workshops, advocacy, and research information. SBDC's are a revenue positive organization to the State, funded by a combination of state and federal dollars.

UHV is requesting \$306,353 for the biennium (\$153,177 per year).

**(3) (a) Major Accomplishments to Date:**

For the eight most recent operating quarters for which data is available (July 1, 2016-June 30, 2018) the SBDC had the following economic impact:

- The UHV SBDC helped 597 clients in the creation or expansion of 145 businesses. These businesses resulted in the creation and retention of 1,550 jobs for the region.
- The UHV SBDC business advisors compiled 7,360 hours assisting business clients valued at \$736,000 (\$100 per hour).
- Capital formation for the period was \$20,368,233 along with \$31,446,727 in increased sales.
- The UHV SBDC training program brought 231 training and workshop events to 2,662 regional attendees from the 11-county area.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

The UHV SBDC will continue to serve small businesses with positive economic impacts generated through homegrown businesses and jobs. Partnerships, regional relationships, advocacy and outreach efforts will continue to grow as a result of the stability in the SBDC business advisor staff. The SBDC's partnership with the new Regional Center for Economic Development will move forward and the combined efforts of the two will result in new business start-ups and a greater sense of cooperative regionalism within the 11-county area. SBDCs are a proven and efficient means to continue the growth, expansion, innovation, increased productivity and improved management for small business in the Southwest Texas border service area.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

**University of Houston-Victoria Campus Expansion**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2016
Year Non-Formula Support Item Established:	2016
Original Appropriation:	\$12,254,917

**(2) Mission:**

The University of Houston-Victoria (UHV), a dynamic destination institution, is dedicated to providing every student the educational and leadership opportunities to become a successful professional and engaged global citizen. With downward expansion in fall 2009 UHV's mission changed dramatically. Become a 4 year residential "destination university" opened new doors and service opportunities. It requires a completely different service to students such as student activities, athletics, residence halls, dining services, additional classroom and lab spaces, standardizing schedules and more face-to-face classes than did the mission of an upper level institution.

UHV is requesting \$74,700,000 in tuition revenue bond interest resulting in debt service of \$13,025,372 per biennium over 20 years.

**(3) (a) Major Accomplishments to Date:**

The transition from a two-year, upper level institution to a four-year university has been more successful than anticipated. Since downward expansion in Fiscal Year 2010, the university has grown 37%. During the 84th Regular Session, the Legislature authorized Construction Bonds of \$60,000,000 for Campus Expansion. That bond supported the purchase of much needed land, the repurposing of existing space, additional new academic space, and transforming the main street and walkways into the campus to improve the safety of the campus for students, faculty, staff, and visitors. The funding allowed the university to begin building a comprehensive, residential campus in Victoria. Before this Legislative action, the University was reaching a critical point, as expansion capabilities within the current infrastructure were very limited. The University only had 19 acres and two academic buildings with 150,000 square feet when the transition began.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

During these critical formative years, resources are needed to move forward in the evolution to a residential campus and provide the campus infrastructure to support the growth and needs of the student body and faculty. The infrastructure must meet the campus' new mission and support important intangible needs, including the development of a vibrant student life and the sense of identity and belonging necessary for retention of freshman and sophomore students. This funding request for continuation of campus expansion will enable the University to acquire much needed land, remodel and renovate existing buildings, add health related labs and classroom space, and enhance the Science, Technology, Engineering, Math (STEM) building. The increased support for UHV will affect the number of first generation college students (freshmen currently 51%) and minority students (freshmen currently 76%) in residency to grow as additional academic space allows UHV to expand its program offering. This will attract a larger number of transfer students from community colleges.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

None

**(5) Formula Funding:**

None

**(6) Category:**

Instructional Support

**(7) Transitional Funding:**

Y

**(8) Non-General Revenue Sources of Funding:**

None

**(9) Impact of Not Funding:**

Since inception in 1973, UHV has received far less in bond support than any other Texas institution that has gone through downward expansion. UHV's downward expansion needs are similar to the expansions of Texas A&M International and Texas A&M Texarkana, but both universities received large TRB approvals because they lacked the necessary infrastructure for a successful transition. Texas A&M International received \$66 million over two legislative sessions in the early 1990s and a total of \$177 million through 2009. Texas A&M-Texarkana received \$75 million in 2006, the 3rd called session, and \$96 million overall for its expansion needs.

Although UHV's infrastructure has grown, compared to these campuses, UHV continues to have a very small infrastructure in Victoria to support downward expansion as well as one of the smallest physical locations of any four-year state institution in Texas, with less than 30 core academic acres. Continued support of the State for expansion of the infrastructure will enhance UHV's ability to affect a much larger first generation and minority student population. Without such support, UHV would not be able to help address the low rate of college attendance in this region.

**(10) Non-Formula Support Needed on Permanent Basis/Discontinued:**

Yes, in the form of debt service over 20 years to fully amortize the bond. Bond request \$74,700,000. Debt service per year \$6,512,686 at 6%.

**(11) Non-Formula Support Associated with Time Frame:**

Estimated 20-year period.
