

iPhone Setup with Outlook/Exchange

Before adjusting settings please backup all data. UHV will not assume responsibility for any loss of data. These setting are for version 2.0.1. The settings may differ depending on your iPhone version.

1. On the home screen go to and select **Settings**. Next select **Mail, Contacts, Calendars**.

2. Select **Exchange**

3. Select **Add Account.**

iPhone Setup with Outlook/Exchange

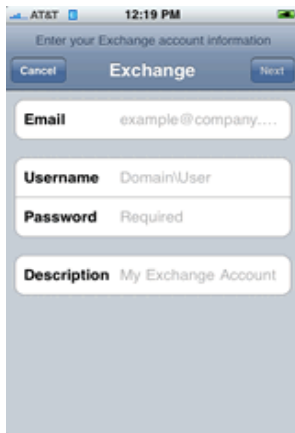

In the **Email** field, enter your full email address (for example, username@uhv.edu).

For the **Username** field enter your studentID (for faculty/staff this will be your lastnamefirstinitial)

In the **Password** field, enter the same password used for your District email.

The **Description** field is optional.

Click **Next**.

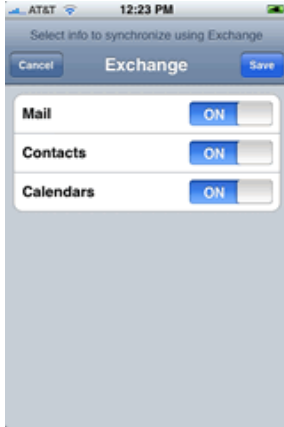

In the **Server** field, enter "mail.uhv.edu" (without quotes).

Click **Next**.

Click **Save**.

iPhone Setup with Outlook/Exchange

Your iPhone will automatically start downloading information.
